

MAYOR BRANSFORD IS A CANDIDATE

In Response to Request of Friends He Consents to Seek Renomination.

TO HEAD "AMERICAN" TICKET.

Revised List of Delegates to the Citizens' Convention—Some Current Political Gossip.

In response to continued pressure which has been brought to bear upon him since his earlier decision that he was not seeking the nomination for mayor of Salt Lake City in the coming campaign, Mayor John S. Bransford has consented to seek renomination, to permit his name to be on the ballot in connection with the nomination of the "American" ticket. It is a well known fact that the better element of the so-called "American" party has been anxious for Mayor Bransford to make the race this fall, because of the fact that with all the chicanery and high-handed methods used by the "American" party in conducting the rule of this city during the past three years, Mayor Bransford has always stood out for a business administration, as far as was possible with one man, for the city government. That he has been in matters of policy with some of his friends is a matter of history, and on this account the most strenuous opposition to him in the "American" camp has developed.

There were those among the friends of Mayor Bransford who wished him to run for mayor, who were not of political affiliation with the party in which Mayor Bransford has been training for the last three years, but who appreciate his ability as a business man and his own record as a business mayor. These men also to induce Mayor Bransford to consent to run again. And now that he has consented, in his letter to the citizens' convention, these friends have named as claiming that he has put himself out from a great deal of support which he might otherwise have secured.

Mayor Bransford in his letter, said a well posted gentleman this morning, "has in my opinion shut off any indication which might have been made of his candidacy by anyone else, than his own." In view of the request made by him in view of the request made by him, if the American party desires to again lead them in a campaign, it will be a candidate for mayor, subject to the decision of the convention to be held on Sept. 25. I thank you and all those who have been my friends in the past, who are my friends now, and especially do I thank the people of Salt Lake who, by the large plurality given me at the election two years ago, elected me mayor of Salt Lake City. If the American convention shall name me as their candidate I will do as I have in the past campaigns, everything in my power to lead the party to victory.

JOHN S. BRANSFORD, Mayor of Salt Lake City, Utah, Sept. 11.
